What I heard yesterday
Does not disturb me now
It's nothing much to speak of, much less say
There's something wrong, I know it
What I saw yesterday
Set my teeth on edge
What I could buy before was no more
Than a reason ahead
What would you like to say?
It's all been done, it's all been done
You'll find nothing in your way
It's all been done, it's all been done
What I knew yesterday
Seemed enough at the time
Should've guessed the way you left and didn't mind
That I meant to hurt you
