Say something clever
If you're conscious still
You know hearing bad news
Gives me such a special thrill
I'm not here to save you
Watch your back or rearrange you
I don't know, even so
I wouldn't take on you
Oh no
And I don't know how
You can wear me down
In the blink of an eye
If I could just hold my ground
For a tenth of the time
Make me an offer
I can't really use
A one time factory clearance that I can't refuse
I'm not here to save you
Watch your back or rearrange you
And nothing ever changes
You're still cynical and dangerous

I don't know, even so

I wouldn't take on you

Oh no

And I don't know how

You can wear me down

In the blink of an eye

If I could just hold my ground

For a tenth of the time

Make me an offer

I can't really use

A one time factory clearance that I can't refuse

I'm not here to save you

Watch your back or rearrange you

And nothing ever changes

You're still cynical and dangerous

I don't know, even so

I wouldn't take on you

Oh no

And I don't know how

You can wear me down

In the blink of an eye

If I could just hold my ground

For a tenth of the time

You never get the point so what's the use

I'd never take that tone of voice with you

But we both that that's not really true
No ones going to save you
'Cause they can't rearrange you
And nothing ever changes
You're cynical and dangerous
So now you just wear my down
In the blink of an eye
I can't hold my ground
Of a tenth of the time
So go ahead wear me down
I'm lost no found
You got me so tied and bound
I'm not quite sound
You wearing me down
Quit wearing me down
