Money Didn't Change Me

Refrão:

The money I made didn't change me, nigga it changed you

I stayed the same through my wealth, but take a look at you

Back in the days I went to school wit ya, too cool wit ya
But seems like now I can't fool wit ya

Back in the days I went to school wit ya (Ya hear me)

Like blood brothers I was cool wit ya (Ya feel me)

I remember times I carried tools wit ya (I clapped)

But now days I can't fool wit ya (I swear)

You said I started to act funny (I can't see it)

Since I made me some money (You believe it)

It wasn't no problem when I gave it to you (I know)

But since I quit I'm in the wrong to you (that's low)

It ain't my fault that I kept chasin my dreams

You claimed you couldnt see the woods, because of too many trees

(You dummy)

And dispite impossibilities (You know)

I turned to all impossibilities (For sho')

But that ain't keepin it real in yo mind (I see)

I gotta feed yo family and mine (Nigga please)

I hate so bad that can't keep pleasin (Keep Samplin)

I guess everything happens for a reason (Shit happens)

Refrão

I can't call you everyday, I got studio and shows

You always want some money but ain't never wrote no flows

You think I gotta put you in all our videos

And every time I buy something you want some C notes

You think you outta quit your job and come and work for me

So you can sit on your ass and get paid for free

So if you sit down and give this shit a little thought

You the one that's actin funny so I cut your water off

Some people hate that Project Pat and Juicy J on the spot

We pay cash for our cars that we push off the lot
