How can it be easy to forget you when I think about you
all the time
I never know how I miss you when I never had you, well
nevermind
I move on, but I can't go on without you
Said I try, don't know why, what to do without you
Can't move on, can't move on
It'd be cool if we never met, if we never locked eyes
Then I'd feel so happy, not knowing you're so fine
I move on, but I can't go on without you
Said I try, don't know why, what to do without you
Can't move on, can't move on
I get so nuts when I'm around you there's nothing I can
say
I wish you'd get outta my head, I think about you every
day
I move on, but I can't go on without you
Said I try, don't know why, what to do without you
Can't move on, can't move on without...
ROCK!
I move on, but I can't go on without you
Said I try, don't know why, what to do without you
Can't move on, can't move on, can't move on, without
you
