How can it be easy to forget you when I think about you
all the time?

I never know how I miss you when I never had you, you
were never mine

I move on, but I can't go on without you
Said I try, don't know why, what to do without you
Can't move on, can't move on

It'd be cool if we never met, if we never locked eyes
Then I'd feel so happy, not knowing you're so fine

I move on, but I can't go on without you
Said I try, don't know why, what to do about you
Can't move on, can't move on

I get so nervous when I'm around you there's nothing I
can say
I wish you'd get outta my head, I think about you every
day

I move on, but I can't go on without you
Said I try, don't know why, what to do without you
Can't move on, can't move on without...

ROCK!

I move on, but I can't go on without you
Said I try, don't know why, what to do without you
Can't move on, can't move on, can't move on, without
you
