Ohhh....on and on and on and on and on

On and on and on and on and on

I am lost in the see-thru

I think you lost yourself too

Throughout all of this confusion

I think we'll somehow make it through

Each day just drags on by

Bringing with you a new life

Just when I think I could die

You come and bring me back to life, and you say

You can't change the way you feel

And you can't tell me this ain't real, cuz this is real

In the end it's all I've got, so I'm gonna hold on (and on
and on...)

On and on and on

Ohhh....on and on and on

Now you've got me watching your eyes

Got me waiting just to see

If it goes away, it never will

Your eyes are watching me...oh

And I practiced all the things I'd say

To tell you how I feel

And when I finally get my chance it all seems so surreal

And now you got me thinking 'bout the first time that I
met you

And now I can't forget you, now I won't forget you, you
say

Chorus
