I am lost in the see-thru
I think you lost yourself too
Throughout all of this confusion
I hope I somehow get to you
I practiced all the things I'd say
To tell you how I feel
And when I finally get my chance
It all seems so surreal
Cause from the first time I saw you
I only thought about you
I didn't know you
I wanted to hold onto
The things you'd never say to me
Cause you said

You can't change the way you feel
I could never do that, I could never do that
But you can't tell me this ain't real
Coz this is real
And you would see right through that
In the end it's all I've got
So I'm gonna hold onto that
So I'm gonna hold on and on and on and on...

Now you've got me watching your eyes
Watchin just to see, watchin just to see
Got me waiting just to see
If you'll ever look at me
If it goes the way it never will
Will it ever go, will it ever go my way
Your eyes are watching me
And now you've got me thinkin bout
The first time that I met you
Standing in a crowded room
But I could only see you
And now I hope my words will get through
Cause now I can't forget you
I want to tell you
If I could only reach you
And make you feel this way
But you said

You cant change the way you feel
I could never do that,I could never do that
But you can't tell me this ain't real
Coz this is real
And you would see right through that
In the end its all I've got
So Im gonna hold onto that
So Im gonna hold on and on and on and on
