Just because I walk
Like Obi-wan Kenobi
You people talk
But you don't even know me
And all these guys i think they wanna figth me
And all these girls i know they dont like me
And thats alright cause I get down with GC
So when we're gone just listen to this CD
Some people laugh
They do it just to spite me
Behind my back
But they don't know what I see
But I don't care what they say
I don't need them anyway
I'll just go about my day
But anyway
CHORUS
You go out on friday night
I'll stay in but that's alright
Cause i have found a click
To call my own

In crowd, out crowd

I don't care

Your crowd, my crowd

We can share

Cause I have found a click

To call my own

Let's go

So come and talk to me

On my computer screen

The best years of our lives

Aren't as easy as they seem

And one day we'll look back

And then we'll have to laugh

They used to call us names

Now they want our autograph

To get the girl and make the grade

It's all a show It's all a game

I would lose it if played

It's all the same

So I don't care

What you say

I don't need you anyway

I'll just go about my day

But anyway (x2)

CHORUS

She said she'd call

But I know she won't

She won't (x2)

But anyway

CHORUS

I don't care what you say

I don't need you anyway

I'll just go about my day

But anyway(X2
