I could sit for hours  
in the conditions of the sun  
we could talk for hours  
cuz you know you're the one  
and every time i open up my heart to you  
you bring me down (you lift me up)  
gravity girl (you bring me down)  
you bring me down (you tell me what to do)  
cuz you're my gravity girl, gravity girl  
my sky, my hope, my whole world  
you're my gravity girl  
i'm so high in your world  
I could sit for hours  
in the conditions of the sun (gravity girl)  
we could talk for hours  
cuz you know you're the one (gravity girl)  
and every time i open up my heart to you  
you bring me down (you bring me down)  
you tell me what to do (in your world)  
cuz you're my gravity girl, gravity girl  
my sky, my hope, my whole world

you're miles away in the sky  
with the sun and the moon  
but you always bring me down again  
you're so high in my world  
my gravity girl, gravity girl
