Today I screwed up again

You said I could tell in the way, you said goodbye

I saw you sitting at your t-shirt stand with your new
boyfriend

He's really cool...I get the point!

I don't want you, I don't want you, I heard you, I heard
you

I heard you say "not a chance, what don't you see"

I don't want you, I don't want you, I heard you, I heard
you

I heard you say "you're not good enough for me"

Today I screwed up again

I wasn't paying attention

I walked into the wall again, I heard you laugh and saw
you grin

While you were sitting at your t-shirt stand with all your
cool friends

They're really cool...I get the point!

Chorus

Today I'll give it one last try

And then I know I'll wonder why

I did it to myself once again

I saw your boyfriend he's 6-3, quarterback on Varsity

The football players love to torture me

So I'm feeling like I'm not fitting in, I know that I'm not
fitting in with you

And your stuck-up friends...I get the point!

Chorus
