Man your lazy And this crazy Days inside my head Your
selfish Your not the

only one who thinks he dead I'm paid to smile I'm on
trial for what you think I

said But I never said That everything would be okay
And I never said that we

would live to see another day

Chorus:

Motivate me I want to get myself out of this bed
Captivate me I want good

thoughts inside my head When I fall down would you
come around and pick me right

of the ground, When I fall down would you come around
and pick me right of the

ground,

I'm unartistic, I'm unrealistic,

You say I'm selfish and absurd,

You try to change me, You try save,

you say I'm going to learn, I'm so blind, I'm out of time,
you're so unkind

sometimes,

I never lied, I never lied, I never lied, I never said that
everything would be

okay, I never said we would live to see another day,

Chorus

Right off the ground, Pick me right off the ground,

verything will be okay, You know were going to live to
see another day

Chorus
