i see it around me

i see it in everything:

i could be so much more than this

said my goodbyes

this is my sundown

i'm going to be so much more than this

i need you to show me the way from crazy

i want to be so much more than this

with one hand high you'll show them your progress

you'll take your chance

but no one cares

lovely time,tinsel shine

goodbye,i'll be fine

good good bye

good good night
