Communication is a lot like the wind, when I speak

It's like no one understands and I'm left with empty
hands forever

I can't speak

So many things I'll never learn

You can't cross bridges that you've burned

Why is life such an issue when you're mine, why are the
answers to my problems hard to find

So hard to find

Don't forget to buckle when you fall beneath the
pressure of the seconds when your life became a
screamer

Staring at the sea things become so small

I want movies of my dreams and pictures on my wall

Chorus

You say that I'm a dreamer, I saw you're a non-believer

Take out the light, take out the light and start screamin

I'm dreamin, I'm a dreamer, no one believes me, and
you don't either

Tell me what to dooooo

Take out the light, take out the light

Take out the light and start screamin

Take out the light, take out the light

Take out the light and start screamin
