"Just because I walk like Obi Wan Kanobi

You people talk but you dont even know me

And that's alright cuz I get down with GC

So I look on and listen to the CD

Some people laugh, they do it just to spite me

Behind my back, they don't know what I see

But I don't care what they say

I don't need them anyway

I'll just go about my day

But anyway

Chorus

You go out on Friday nights

I'll stay in but thats all right

Cuz I have found a click to call my own

In crowd Out crowd I dont care

Your crap my crap we can share

Cuz I have found a click to call my own

So come and talk to me

On my computer screen

The best years of our lives aren't as easy as they seem

But one day we'll look back and the we'll have to laugh

They used to call us names now they want our  
autographs

To get the girl and make the grade

It's all a show, it's all a game

And I would lose it if I played

It's all the same

But I don't care what they say

I don't need them anyway

I'll just go about my day

But anyway

Chorus

She said she'd call

But I know she won't

She won't

She won't

Chorus

I don't care what you say

I don't need you anyway

I'll just go about my day

But anyway

I don't care what you say

I don't need you anyway

I'll just go about my day

But anyway"
