Hoo Wah!!!!

Just because I walk like Obie Won Kenobie

You people talk, but you don't even know me

And all these guys I think they want to fight me

And all these girls I know that they don't like me

I made them laugh

They do it just to spite me

And the "IN" crowd

None of them are like me

But I don't care what you say

I don't need you anyway

I'll just go about my day

But anyway

You go out on Friday nights

I'll stay in but thats all right

'Cuz i have found a clique to call my own

In crowd out crowd I dont care

Your crowd my crowd we can share

'Cuz i have found a clique to call my own

Lets go!!

So come and talk to me on my computer screen

The best years of our lives aren't as easy as they seem

And one day we'll look back and then we'll have to
laugh

They use to call us names now they want our
autographs

So i don't care what u say

I don't need you anyway

I'll just go about my day

But anyway

I don't care what you say

I don't need you anyway

I'll just go about my day

But anyway

You go out on Friday nights

I'll stay in but that's all right

'Cuz i have found a clique to call my own

In crowd out crown I don't care

Your crowd my crowd we can share

'Cuz I have found a clique to call my own

She said she'd call

But I know she won't

She wont

She wont

But anyway

You go out on Friday nights

I stay in but that's all right

'Cuz I have found a clique to call my own

In crowd out crowd I don't care

Your crowd my crowd we can share

'Cuz i have found a clique to call my own

Lets go!

But anyway

I don't need you anyway

I don't need you anyway

I don't need you anyway
