The start of Armageddon

And it's just another day

We all saw the news, nothing to say

So many friends are missing

And family members gone

So we all pray to God help them be strong

And now we stand together

Remembering that day

The lives we live will never be the same

Chorus:

We don't know why the innocent die

Will this world ever find a way to change

And we don't know why

But we know it's not right

We don't know why so many had to die

We don't know why so many had to die

Hate has turned to others for their religion and their skin

But hate can't solve the problem that began

Everyone is angry

People are afraid

And no one knows what decisions will be made

Chorus

we dont know why the innocent died

will any of us be the same?

will any of this ever be the same?
