I know a place where we can go

I know a place where we can go

Bring in the verse!

Listen up cause there ain't nothin funny

I wanna hot girl and a little bit of money

I wanna a little house where my band can live

Cause we're tired of moving every other weekend

I wanna go to parties where they got no guns

I wanna rock with my band, I wanna have a little fun

Where thugs and punks and any other type

Can sing this song and we sing it all night

I know a place where we can go

Get away, get away, get away

I know a place where we can go

get away, get away, get away

All I wanna do is kick the welfare

All I wanna do is get my share

All I wanna do is kick the welfare

All I wanna do is get my share

And I don't wanna run for the president

I just want an honest way to pay my rent

And I'm tired of the man always shuttin us down  
Tired of my old man cause he's never around  
And I'm tired of eating off of other people's plates  
And I don't look important so they're telling me to wait  
All the police records said they wouldn't exist  
I wanna know the meaning of a Christmas list  
Said all I wanna do is kick the welfare  
All I wanna do is get my share  
All I wanna do is make somethin' from nothin'  
It's GC baby and we're workin' with somethin'  
I know a place where we can go  
Get away, get away, get away  
I know a place where we can go  
Get away, get away, get away  
We'll be self-made millionaires  
These lives we'll lead without a care, oh yeah  
And we'll see  
What we'll be
