Uh

Yeah

She walks down to the store at 8

The devil walks with her and he thinks she's great

When she looks at me I don't know what I saw

I think He's trying to make me his son-in-law

Well she walked by, walk by, walk by, walked on by

Walk by, walk by, walk by, walked on by

Eagles fly when she walks by

She caught my eye one october night

22 days before Halloween

How did I know she'd be my evil queen

Well she walked by, walked by, walked by, walked on
by

Walked by, walked by, walked by, she walked on by

My mother warned me against girls like you

She said stay away from them son you know they're not
true

All they're gonna do is put you under a spell

Tell me when you're falling down you're going straight
to hell

Well she walked by, walked by, walked by, walked on
by

Walked by, walked by, walked by, gonna walk on by

My mother warned me against girls like you

She said stay away from them son you know they're not true

All they're gonna do is put you under a spell

She told me when you're falling down you're going straight to hell

Walked by, walked by, walked by, walked on by

Walked by, walked by, walked by, I'm gonna walk on by

Walk on by, walk on by, walk on by, walk on by
