If you want me to wait

I would wait for you

If you want me to stay

I would stay right through

If you don't wanna say anything at all

I'm happy wondering

Since I was a young man

I never was a fun man

I never had a plan and no security

Then ever since I met you

I never could forget you

I only wanna get you right here next to me

Cause everybody needs someone that they can trust  
and...

You're somebody that I found just in time

Now my life is changing

Its always rearranging

It always getting stranger than i thought it ever could

Ever since I found you

I wanna be around you

I wanna get down to the point that I need you

Cause everybody needs someone they can trust and...

You're somebody that i found just in time

If you want me to wait

I would wait for you

If you tell me to stay

I would stay right through

If you don't wanna say anything at all

I'm happy wondering

Don't tell me the bad news

Don't tell me anything at all

Just tell me that you need me

And stay right here with me

If you want me to wait

I would wait for you

IF yo tell me to stay

I would stay right thru

If you don't want me to say anything at all

I'm happy wondering
