Chapter 1

Tell em how the story goes

Every little thing that you said was true

I believed in you

But it wasn't meant to be

Wasn't meant to be

And every little thing that you promised me

I promise, I promise

Wasn't honestly what you said it would be, yeah

And I swear

You'll never learn

So I'm givin' you what you deserve

(What you deserve)

Chorus:

You been livin' in a fantasy

If you think that you could be with me

You tried

Denied

And now you've got to move on babe

Took a chance when you rolled the dice

Messed Around but you didn't think twice

What's done is done

I want you out of my life (that's right)

Dirty

Everytime the phone rings it's in your eyes

That you wear a disguise

Oh who could it be (who could it be)

Now you think you can just take me back

But I'll never go back
To what we used to be
'Cause I'll just be deceived
And you say
You've changed 'cause you've cried
But it's time for me to draw the line
(Time for me to draw the line)

Chorus:

You been livin' in a fantasy
If you think that you could be with me
You tried
Denied
And now you've got to move on babe
Took a chance when you rolled the dice
Messed Around but you didn't think twice
What's done is done
I want you out of my life

I want you out of my life
I want you out of my life

Chorus 2x
