[Damajah]

Yeahh, he don't know  
The man called Damajah (Damajah!)  
Longside Chasm, Thundamentals  
This how we doin this ya'know  
HUH

[Chorus: Damajah {Vocals} (+Thundamentals)]

And if you wise up, wise up, wise up and then we can  
rise up  
(IT'S THE RISE OF THE NEW)  
And if you wise up, wise up, wise up, and then we can  
rise up  
(IF YOU'RE PISSED THEN I GUESS IT'S COS WE'RE LIVER  
THAN YOU)

[Verse 1: Jewson]

One I met a guy who followed me round, kept calling  
me Psycho  
I said 'you crazy, why the fuck you stalking a cyclone'  
Thundamental mind-dome, I vibrate your soundscapes  
Micro to macro, while I migrate the ground shakes  
Yo I'll break it down mate, how about that  
Straight from the outback, shout to K-town cats  
Matters(?) maps where I found rap  
Now I sport a raw flow, at like chicken at Oporto's  
Get the house packed when I talk bones  
Got you singing 'Bravooo!'  
Build a bigger picture like I'm spitting out Picasso  
Bring in the wack, I'll implement an embargo  
If you children relax, we'll sing pissed into the  
arvooooo

[Verse 2: Tuka]

I'm just that slick partoloco representing for me buddyo  
From the Mountains to the city with that  
coolbocabilardio  
Check me aradio, I bust from sun up to sun down  
Untilhente my words will never be dumbed down  
Run sound, and no body tighter than we  
We chuumed out, in the studio lighting the trees

I cypher for free, but pay me when I'm gonna retouch  
On any track Chaz gives us man we running amuck  
Keep writing that stuff that's out to get you high as my  
life  
Live on the mic, my freestyle's as fly as a kite  
We're writing at night to beats that's designed to excite  
And get you hyped like a gym junkie riding a bike

[Chorus]

And if you wise up, wise up, wise up and then we can  
rise up  
(IT'S THE RISE OF THE NEW)  
And if you wise up, wise up, wise up, and then we can  
rise up  
(IF YOU'RE PISSED THEN I GUESS IT'S COS WE'RE LIVER  
THAN YOU)  
Open up them eyes up

[Verse 3: Jewson]

Yo I'm side-stepping these geezers  
Hi-tek, mind set - style fresh as a fetus  
Mic checking your speakers like venomous creatures  
Wild predators with dentures like leopards and  
cheetah's  
Either beleieve us or GET SHRED INTO PIECES  
Not to mention any skeptics get lectured on what the  
weapon of speech is  
(nahhhh man)  
Yo my methods a secret, never release it til I see fit  
We speak deep shit like Killah Preist did  
More truth - like I'm witness in a courtroom  
Chasm on the beats kickin rythm I can talk to  
I live within the cypher, fuck the vile on your tele  
Like a Mexican cook - My rhyme is fire through your  
belly

[Verse 4: Tuka]

Reppin a hood where it's known will get your necklace  
took  
Have you running down the road like a headless chook  
Everywhere I go - I'm met with a restless look  
But crooks still compliment me on my excellent hooks  
Inspect the books for gems, sort of like a gold miner  
We rolling on bold tires on rims of lowriders  
No sins from ghostwriters, just sims from dope  
rhymer  
Got love from the beginning so here's to old timers  
(Cheeeers!)  
But right now it's the rise of the new school  
Voodoo curse if ya think that you're too cool  
Got my pool cues cocked, now I'm ready to break

And smash balls in the face of a treacherous snake  
(suuuuckers!)

[Chorus]

And if you wise up, wise up, wise up and then we can  
rise up

(IT'S THE RISE OF THE NEW)

And if you wise up, wise up, wise up, and then we can  
rise up

(IF YOU'RE PISSED THEN I GUESS IT'S COS WE'RE LIVER  
THAN YOU)

And if you wise up, wise up, wise up and then we can  
rise up

(IT'S THE RISE OF THE NEW)

And if you wise up, wise up, wise up, and then we can  
rise up

(IF YOU'RE PISSED THEN I GUESS IT'S COS WE'RE LIVER  
THAN YOU)

Open up them eyes up - And wise up.

[Damajah] {Vocals}

... They say who will come teach em, they say who will  
come school them

Watch they don't cross-over on them, you tame them

That way I'ma rise up and take them

yeahhh man...
