got caught drunk, its the last thing i need  
my mom found my Corona, my dog ate my weed  
my life, man, is such a fuckin mess  
all i get is shit, even when i do my best  
got kicked while pissin', got piss all over my pants  
here comes that chick i like, there goes my chance  
i dont give a shit what my elders say  
so im just gonna go get stoned every day

my mom is on my case  
i got another fucking zit on my face  
im through giving a damn, i swear  
my new motto is 'i dont care'  
i dont care...i dont care... i dont care...

too many things building up, my lifes expired

and im just so tired  
week in and week out doing the same old shit  
yeah and im sick of all of it  
i need to get out of this town, get away  
before i go insane  
now this is my life, such a bore  
but i just dont care anymore

my mom is on my case  
i got another fucking zit on my face  
im through giving a damn, i swear  
my new motto is i dont care  
i dont care  
i dont care  
i dont care  
i dont care  
i dont care  
i dont care  
i just dont fucking care.

(hey try not to suck any dick on the way to the parking  
lot)
