Well I'm tired of your shit and I just can't take it  
I thought you were my friend but you just were fakin  
This song goes to you and you probably know it  
I just can't take it anymore  
Let's go!

F-U-C-K fuck you and your mom!  
F-U-C-K admit that you were wrong  
F-U-C-K Put those fingers in the air  
F-U-C-K fuck you or you're not my fucking friends

I remember I thought you were so cool  
You had my only hook up and my back in school  
But now I realize you're all a bunch of dickheads  
And it'll have to even out in the end  
Out in the end  
Out in the end

Though they regret everything  
They think it's all OK  
I'm here to tell them that it's not  
That's why I say  
That's why I say

F-U-C-K fuck you and your mom!  
F-U-C-K admit that you were wrong  
F-U-C-K Put those fingers in the air  
F-U-C-K fuck you or you're not my fucking friends

You beat me out of money  
that was some fucked up shit  
I thought you were my friend

but you don't know what friendship is  
You think you laugh now  
but let's just wait and see  
Cuz the one laughin is gonna be me!  
Yes, Gonna be me!

Though they regret everything  
They think it's all OK  
I tell you that its not

That's why I say  
That's why I say

F-U-C-K fuck you and your mom!  
F-U-C-K admit that you were wrong  
F-U-C-K Put those fingers in the air  
F-U-C-K fuck you or you're not my fucking friends

This song goes out there  
to everyone whos ever been stabbed in the fucking  
back  
or just plain picked on  
This goes out to all of you  
so put those fingers in the air

Though they regret everything  
And thinkin it's all OK  
I'm here to tell them that it's not  
That's why I say  
That's why I say

F-U-C-K fuck you and your mom!  
F-U-C-K admit that you were wrong  
F-U-C-K Put those fingers in the air  
F-U-C-K fuck you or you're not my fucking friends
