man it must suck to be you
but it cant suck worse
than being me
it seems my goals are never met

the harder i try
the harder i fail
but im not givin up just yet

no matter how hard i try
good things always die
no matter how hard i try
good things always die

but im gonna try
im gonna try
im gonna try
im gonna try
so they took it away
it was sad to see it go
but what will the future bring
is the sea dead
or was it just reborn
and a bunch of kids
change a thing

no matter how hard i try
good things always die
no matter how hard i try
good thigns always die

but im gonna try
im gonna try
im gonna try
im gonna try
