(7x) Oooh
Mm Ah

Stretch the most, fresh to death
two or three bottles, an expensive dress
look something, with ice on the chain
can't think about God, 'cause money's on the brain

But bump real hard, see the pain
cause that kinda life is hard to maintain
you can't argue, you know that you feel me
I don't need a 'benz, I need christ to hear me

This is not a typical song that you might hear
Record stores are full of those
We all know the lyrics and we know how they go

If you want to hear the truth, your not into lies
Turn it up, let it flow
'cause it might just change your life

Cause this is if you need this, gotta have that
You know ya gotta ball
We understand that life means more than this
Thats why we give it to you all
Give it to you all
Cause this is if you need this, can't live without that
Gotta stay fly
All the things you collect, lemme ask ya
Can you keep em when you die?
(can you keep em when you die?)

You and your girls, friday night
Three inch heals, gotta look just right
Step off the car, they're already stare'n
No enough clothes on but your not caring
Confidence, you're feel secure
In the looks from the guys got you feel'n it more
To make a little boys dream come true
Wait on god, for the man who'll wait on you

This is not a typical song that you might hear

Record stores are full of those
We all know the lyrics and we know how they go

If you want to hear the truth, your not into lies
Turn it up, let it flow
'cause it might just change your life

Cause this is if you need this, gotta have that
You know ya gotta ball
We understand that life means more than this
Thats why we give it to you all
Give it to you all
Cause this is if you need this, can't live without that
Gotta stay fly
All the things you collect, lemme ask ya
Can you keep em when you die?
(can you keep em when you die?)
