They hypnotize me and I don't wanna be free

I live and wait for love to come and save me
I'm not the kind of girl or so I thought
Then straight to the core, a shot when I was not looking
You didn't even try to heal my heart

And now the music is my only friend
I'm spiraling out of all control again
I really should run, but I can't seem to move
It's like your eyes they burn right through

They hypnotize me and I don't wanna come back
They hypnotize me and I don't wanna be free
They hypnotize me and I don't wanna come back
They hypnotize me and I don't wanna be free

Somehow the stance has turned all cloak and dagger
I want nothing more than to possess your love

(?) jump in
I'm spiraling out of all control again
Whenever you move, my world is on the line
It's like your eyes already know mine

They hypnotize me and I don't wanna come back
They hypnotize me and I don't wanna be free
They hypnotize me and I don't wanna come back
They hypnotize me and I don't wanna be free

And now the music is my only friend
I'm spiraling out of all control again
I really should run, but I can't seem to move
It's like your eyes they burn right through

They hypnotize me and I don't wanna come back
They hypnotize me and I don't wanna be free
They hypnotize me and I don't wanna come back
They hypnotize me and I don't wanna be free

I don't wanna be free
