The moon is full and my arms are empty  
All night long I've pleaded and cried  
You always said the day that you would leave me  
Would be a cold day in July  
Your bags are packed not a word is spoken  
I guess we said everything with good-bye  
Time moves so slow and promises get broken  
On this cold day in July  
Sun's comin' up comin' up down on Main Street  
Children shout as they're running out to play  
Head in my hands her I am  
Standing in my bare feet  
Watching you drive away  
Watching you drive away  
You said that we were gonna last forever  
You said our love would never die  
It looks like spring and  
It feels like sunny weather  
But it's a cold day in July  
On sun's comin' up comin' up  
Down on Main Street

Children shout as they're running out to play

Whoa head in my hands

Here I am standing in my bare feet

Watching you drive away

Watching you drive away

The moon is full and my arms are empty

All night long how I've pleaded and cried

You always said the day that

you would leave me,

Would be a cold day in July

Here comes that cold day in July

Oh

Yeah

Oh yeah

la da da la da da la da da

Oh Ooo
