Her body rests  
I hear their cries  
When blood falls down  
Their memory dies  
Soaring roses  
Show she's gone  
Her love is lost  
But hope ticks on

There's no place for him to stay Don't wanna talk, leave  
me alone  
I'll stay here to meet her again  
Why move on when the past won't change  
She's dead in all eyes, with nothing to gain  
But I didn't wanna seem not to care  
Cause I didn't know how I'd feel if you weren't there

Her last steps  
Her Smiling face  
Didn't think to give  
One last embrace  
There aren't enough  
Words to say

To bless the ground  
By which she lays

There's no place for him to stay  
In the mist of rainy days  
Don't wanna talk, leave me alone  
I'll stay here to meet her again  
Why move on when the past won't change  
She's dead in all eyes, with nothing to gain  
But I didn't wanna seem not to care  
Cause I didn't know how I'd feel if you weren't there

So I conclude  
Since it's the end  
When rose pedals wither  
I'll meet you then  
So I conclude  
Since it's the end

When rose pedals wither  
I'll meet you then
