Sometimes I don't know what to say  
And I feel like everything won't be ok  
And I wish all the kids wouldn't stare  
And I wish that I really didn't care  
As much as I pretend, it all gets to me  
And a cool kid is something I'll just never be

I feel just like a kid in show and tell  
That forgot to bring something so he showed his pencil  
And all the other kids just laugh and stare  
But I'll convince myself that I don't care  
I'll convince the world that I don't care  
I won't care I don't care I can't care  
I won't care I don't care I can't care  
OH I DON'T CARE!

Apathy don't come easy to me  
Compassion is no longer a commodity  
Can't pretend not to hear what they say  
Sometimes I just want to run away  
But I can't hide all my life  
I'll never get tired of this strife

I feel just like a kid in show and tell  
That forgot to bring something so he showed his pencil

And all the other kids just laugh and stare  
But I'll convince myself that I don't care  
I'll convince the world that I don't care  
I won't care I don't care I can't care  
I won't care I don't care I can't care  
OH I DON'T CARE!

As we get older we all lose our dreams  
As we get older we stop caring it seems  
Human nature is for people to grow apart  
And no one is immune to a broken heart  
Why can't we all just get along?  
Why do you always say I'm wrong?

I feel just like a kid in show and tell  
That forgot to bring something so he showed his pencil

And all the other kids just laugh and stare  
But I'll convince myself that I don't care  
I'll convince the world that I don't care  
I won't care I don't care I can't care  
I won't care I don't care I can't care  
OH I DON'T CARE!
