(Intro) Kamachi Yeah, kno'I'mean You know it's all I know, kno'm'sayin' I can't be nothin' else then but myself The truth smell like Somali rose (Hook) Kamachi & State Store 2x Little African Boy Don't let this world destroy your inner joy The pain and pressures It's just here to test us so we can grow stronger And neva let the world stress us in [Chief Kamachi] Yo what the youth suppose to eat? When the 'Food for Thought' is garbage And the world powers put the truth to sleep I close my eyes to the deepest insight is reached You slay the Beast while cultivatin' ya inner peace I live a life of a Juju Priest And send light to the dark deceased In search of a cure for the poison comin' off the streets Not to glamorize no mob guys tossed in creeks Cuz I can stare in the ocean Where the slave master tossed my peeps And where I thought that I would often leap Cuz that's how strong the connection is Cuz magicians from Congo will laugh at the Exorcist And my message is we are from powerful people So don't lose your sense of self and the Jinns of wealth Empty ya mental pail, take it to the bottom of the well And when it return you'll neva fail (Hook) Kamachi & State Store 2x [Chief Kamachi] Yo in a dreamstate listenin' to my Shep's lectures Don't let this witchcraft world hex ya Change ya hekas hold a flail crook and Was scepter Mentally invoke you of peaceful scepter Young boy you're in Africa walkin' Feel this texture it connects ya to the truth that protects ya Outta darkness where the lower spirits kept ya Tryna dull ya receptors to the ways of ya ancient ancestors Only to rise again, as told by the cycles Calculated by the wisest men, who sat down and zazen And after their eyes spin reveal the deepest wisdom From the state of Amen, universe we put so much time in Now the stars is alignin' to give power back to the original Shaman And my white light is blindin' from a crown Chakra that's shinin' (Hook) Kamachi & State Store 2x (Outro) Kamachi Yeah, kno'm'sayin' Little African Boy You know get back to ya science, kno'm'sayin' They can't do nothin' wit you when you tap on that drum And let ya eyes roll in the back of ya head, kno'm'sayin' That's the thing they fear

the most in the world, kno'm'sayin' The JuJu Mob,  
kno'm'sayin', yeah Chief kamachi - Concrete Gospel
