Oooooooooooooooooo, Everybody's got something they
had to leave behind,
one regret from yesterday that seems to grow with
time,
There's no use lookin back or wondering,
How it could been now or might have been,
O this I know, but still I can't find ways to let u go,

I never had a dream come true,
Till the day that I found u,
Even though I pretend that ive moved on you'll always
be my baby,

I never found the words to say,
You're the one I think about each day,
And I know no matter where life takes me to apart of
me will always be with u

Somewhere in my memory ive lost all sense of time
And to my world could never be
Cause yesterday is all that fills my mind and there's no
use lookin on wonderin

How it should been now or might of been
O this I know but still I can't find ways to let u go
I never had a dream come true till the day that I found
u
Even though I pretend that I moved on you'll always be
my baby
I never found the words to say
You're the one I think about each day

And I know no matter where life takes me to apart of
me will always be
You'll always be the dream that fills my head
Yes u will say u will u know you'll baby
You'll always be the one I know ill never forget
There's no use lookin back or wonderin

If this love was a strange and funny thing
No matter how I try and try

I just can't say goodbye
No No No No
I never had a dream come true till the day that I found
u

Even though I pretend that ive moved on you'll always
be my baby
I never found the words to say
You're the one I think about each day

And I know no matter where life takes me to
Apart of me will always be
Apart of me will always be
with u
