2 I was feelin' empty until you came and filled me
Up what's that thing you put on me what what
I just can't shake it off me
I think that I'm addicted
Can't break away I'm driven, I'm in love, oh

Repeat 1

I thought I'd never trust again
All the pain he put me in
Feel like I would da-da-da-da-die
Then you brought new life to me
Took away the ugly
Just by the way you touch me, I'm in love, oh

Repeat 1

Now that I found love
I won't cry no more
Rainy days are gone
Since you came along, along

Repeat 1

No more rainy days
You brighten up my day
Brought back the sun in my life, yeah
No more rainy days
No more rain, hey yeah

Repeat 1
