1

Baby, I want for nothin  
Just your tender sweet loving  
I know you've got your things to do  
But tell me what means what means more to you  
Hangin out with me, or with your boys  
Sometimes I do get lonely  
With no you  
And no one to hold me  
You want so much to lay me down  
Is that what keeps you hangin 'round  
Is that the only way to win your heart

2

Well if I loved you a little bit longer  
If my love was a little bit stronger  
Would you stay, stay  
Baby please stay  
If I granted all of your wishes  
Give you more than touches and kisses  
Would you stay, stay  
I need you to stay

3

I will be, be yours forever  
But can we keep us together  
I know the time is drawing near  
I promised you has it been a year  
Baby now I'm ready, will you stay  
Stay---

Repeat 2

4

Every night I lay and think about it  
If you love me you could live without it  
But I don't wanna do you that way, no no (no no no no)  
I don't know exactly what I'm feeling  
I'm kinda scared but then I'm kinda willin  
Will you promise me just one thing  
No matter what you're gonna stay....

Repeat 2

thou shall cherish life
