Chorus: Do you ever wonder when he
Don't come home who he goes to see
And why in the middle of the night
He leaves you alone
Leaves you alone
He's with me
Do you ever wonder when he
Don't come home who he goes to see
Why in the middle of the night
He leaves you alone
'Cause everything he likes is with me

If I was in your shoes
I would have had to let him go
From the first sign of him tryin' to play
If he wants me to stay
You gotta' let all that go
You wanna' stick around
Not believin' what you see
Why you waitin'
Thinkin' everything's gonna' be okay
I got him right here with me

Chorus

I wanna' call you so bad
And tell you when it started
And what we do
How long it's been goin' on
Why he ain't gonna' never come home
I know what you been doin'
To make him stay
You see a bad performing
Unfulfilling woman drives a man away

Chorus

As far as I know
He's in good hands
So you can stop callin' around
Sayin' "Have you seen my man?"

Ain't no need for fuss and fight
Tryin' to make it right
Certain things ain't meant to be
And that's why that's why
He's right here with me

Rap (interrupts)
Uh, Uh, Uh, Uh
Ladies; you tryin to play these games and tricks
With playin players and kiss n tell dont mix
You got me all in a fix but as y'all
know the lyrical player pro's in the mix
You never seen or heard this the dreadlocked lyricst
Rhymes I never miss so dont diss,
who I wanna be with wanna be seen with
girls who tell dont never kiss

Repeat Chorus to fade
