Intro: [Jermaine Dupri]

Everything you like is with me

So if you know like I know

This is where you need to be

Chorus:

Do you ever wonder when he

Don't come home who he goes to see

And why in the middle of the night he leaves you alone

Leaves you alone, he's with me

Do you ever wonder when he

Don't come home who he goes to see

And why in the middle of the night he leaves you alone

Cause everything he likes is with me

Verse 1: [Beyoncé]

See if I was in your shoes

I would have had to let him know

From the first sign of him tryin' to play

If he want me to stay

He's gotta let all that go

No, but no, you wanna stick around

And I believe in what you see

And while you're waitin'

Thinkin' everything's gonna be ok

I've got him, I've got him right here with me

Chorus:

Do you ever wonder when he

Don't come home who he goes to see

And why in the middle of the night he leaves you alone

Leaves you alone, he's with me

Do you ever wonder when he

Don't come home who he goes to see

And why in the middle of the night he leaves you alone

Cause everything he likes is with me

Verse 2: [Beyoncé]

I wanna call you so bad

And tell you where we started

And what we do

How long it's been going on

And why he ain't gonna never come home

Cause I know what you didn't do

To make him stay
You see a bad performing
Unfulfilling woman
drives a man away

Chorus:

Do you ever wonder when he
Don't come home who he goes to see
And why in the middle of the night he leaves you alone
Leaves you alone, he's with me

Do you ever wonder when he
Don't come home who he goes to see
And why in the middle of the night he leaves you alone
Cause everything he likes is with me

Interlude:

Now as far as I know
He's in good hands
So you can stop callin' all around
Sayin' have you seen my man
Ain't no need to fuss and fight
Tryin' to make it right
Certain things ain't meant to be
And that's why, that's why he's right here with me

Rap: [Jermaine Dupri]

Everything you like is with me
So if you know

Like I know

This is where you need to be
Everything you like is with me
So if you know

Like I know

This is where you need to be
Everything you like is with me
So if you know

Like I know

This is where you need to be
Everything you like is with me
So if you know

Like I know

This is where you need to be

Chorus:

Do you ever wonder when he
Don't come home who he goes to see
And why in the middle of the night he leaves you alone
Leaves you alone, he's with me

Do you ever wonder when he
Don't come home who he goes to see
And why in the middle of the night he leaves you alone
Cause everything he likes is with me

Do you ever wonder when he
And why in the middle of the night he leaves you alone
Leaves you alone...

Do you ever wonder when he
And why in the middle of the night he leaves you alone
Cause everything he likes is with me
