I got a house full of walls  
And utility bills, every Monday the company calls  
I got a nice bed to sleep on  
And a chest of drawers, where I keep those dreams of  
yours

Cause you're always mine to keep when you're gone  
Two silvers rings, one's on my finger and the other  
one's gone  
Went underground with you, oh John

Ten years pass  
And I ended up with a house full of cats  
But most of them went missing  
Through that window you never fixed, the door you  
never latched

But you were on your way out the last time...

Cause you are always mine to keep when you're gone  
Two silvers rings, one's on my finger and the other  
one's gone  
Went underground with you, oh John

I knew what you were doing  
That summer when Candie came around  
But I had too much hurt to bother you  
When we lost our first child I thought a little pain was  
overdue

And I wanted you so bad...

Cause you are always mine to keep when you're gone  
Two silvers rings, one's on my finger and the other  
one's gone  
Went underground with you, oh John

I miss you  
I miss you  
I miss you  
I miss you...

Oh John...
