"I Cry"

u make me fall apart
with the word goodbye
u left tears on my eyes to cry
u make me fall from everything i had
u never goona know i need u so bad
i thought the bond between us
never gets broken
but u left me with the feelings
that are unspoken
i know how u smell
we are made for together
but u made me go through hell

u were the only one
for me that was enough
u were the only one
that i was dreaming of

but u left me with the pain
make me stand alone
on the top of the mountain

i cry silently
tears roll down deep inside of me
i cry in pain
coz i never goona smell ur love again
but if i got u back tomorrow
or if u follow me like shadow
i could lose all my pain and sorrow

baby it's hard for me to let u go
u gave me the feeling
that are unknown
made me feel,feel alone

u were the only one
for me that was enough
u were the only one
that i was dreaming of
but u left me with the pain
make me stand alone

on the top of the mountain
