Oooh

Oooh

Yeah

It's been almost a year since we first met

And that's the day that I'll never forget

Got me all caught up in your web

But a new

Cause your the type of guy that girls like to sweat

Just so they can see how far they'll get

Maybe take a ride up in your 6

Not ever in that picture could I fit

[Chorus:]

Ghetto love and heartbreak

Is always a mistake

Trust your heart to someone

When you think your in love, cause you thinkg your in
love

They gon' do their own thing

Ghetto thoughts they can't change

So don't give your heart away

Cause you're gonna get hurt, when you think you're in
love

As the days went on I knew

I knew that you were more then sexy more than cute

Had a little look inside your eyes

That no girl could ever say no to

Much personality

A living game for every girl you see

Know just what to say and how to please

But there's no room there for me

[Chorus]

I tried so hard to believe that you only wanted me

But that was just my fantasy

And you let me down

Playin around like you were feeling me

But you were busy doing your thing

[Chorus x2]

Think your in love
Then tell me now
What's really up
If you think I'm the one
I need to know
Don't let me down

[Chorus til end]
