I know this pretty rave girl
Always think about her
And when she says hi to me
Butterflies go right through me
And when I see her dancing
Wanna take a chance
And getting a little closer
And maybe get to know her!

I know this pretty rave girl
Always think about her
And when she says hi to me
Butterflies go right through me
And when I see her dancing
Wanna take a chance
And getting a little closer!

I know this pretty rave girl
Always think about her
And when she says hi to me
Butterflies go right through me!
And when I see her dancing
Wanna take a chance
And getting a little closer
And maybe get to know her!

(I know this pretty rave girl
Always think about her
And when she says hi to me
Butterflies go right through me!
And when I see her dancing
Wanna take a chance
And get in a little closer
And maybe get to know her!)

I know this pretty rave girl,
rave girl, rave girl, rave girl, rave girl, ra-ra-ra-ra-ra-
rave girl!

I wanna find a girl like u
Cause you're the girl for me, It's true

When I dream, I dream of u
And everything that we could do!

You're on my mind all day and night
My feelings grow stronger with time
Now my heart beats just for you
I only hope u feel it too!

I know this pretty rave girl
Always think about her
And when she says hi to me
Butterflies go right through me!
And when I see her dancing
Wanna take a chance
And get in a little closer
And maybe get to know her!

I know this pretty rave girl
Always think about her
And when she says hi to me
Butterflies go right through me!
And when I see her dancing
Wanna take a chance
And get in a little closer
And maybe get to know her!

(I know this pretty rave girl

And when she says hi to me
Butterflies go right through me!
