chorus~

Boy i gotta crush on you
My dad would kill me if he ever knew
All these things blow my mind
When i think of you
Boy i'm diggin you
My dad would kill me if ever found out
That baby girl been puttin it down
When he ain't around

I bend some of the rules when it
comes to you
You make me wanna do (all the things they said not to)
I call you oln the creep
Late at night when my pops asleep
Gotta keep it on the low
Can't let my daddy know

~chorus~
repeat

Is this some crazy dream?
Can't stop the way i feel
When i'm alone with you the pressure is for real
I'm feeling all these ways i never
felt before
Come here and close the door
A kiss is what i've been waitin for

~chrous~
reapeat

~rap~
Keeley is the one gettin the bussiest
Far from the sillest
Tell me are you feelin this?
Not just for lil kids
Little woman be strong enough
We rocked long enough
For real , but the ones that be waitin it drop
They say A YO SHORTY HOT SHE BE MAKIN IT ROCK

You know ain't she know
Little woman 200 you know how it goes

I'll take my changes on you boy
Just name the time and place to what i gotta do

My heart is singin this to you
I'll still get it on with you
Daddy just doesn't have to know

~chrous~
repeat untill fade
