You used to make it hot like a summer day
Back in the day when I was your world
That all came back to me yesterday
That's when I saw you with yo girl
I wish I could told you to yo face
I was too late I was a fool
And now I can't get you out my head
Thinking of her being with you laying with you

Did I wait too long to tell you'
That I should never let you go
Hope it ain't too late to tell you
Come back cuz you're all I know
I know you got a girl and its cool
But that ain't where you need to be
Before I hang up the phone
Do you ever think of me'

Do you ever think about me'
The way I think of you
Do you ever stop to wonder'
If I'm still digging you
Don't you wish that you could walk thru'

And get it like you used to
Do you ever think about me'
The way I think of you
Do you ever'

Calling you on the phone
So we can talk tell you what's up
Tell me what's going on
Tell me the truth do you get enough
Tell me is it been as good as mine'
Does she leave you wanting more
I just wanna be what's on yo mind
Maybe you're scared like I was before

Did I wait too long to tell you'
That I should never let you go
Hope it ain't too late to tell you
Come back cuz you're all I know

I know you got a girl and its cool
But that ain't where you need to be
Before I hang up the phone
Do you ever think of me'

Do you ever think about me'
The way I think of you
Do you ever stop to wonder'
If I'm still digging you
Don't you wish that you could walk thru'

And get it like you used to
Do you ever think about me'
The way I think of you
Do you ever'

Baby you're the only one for me
You're the only one for me
Without you here its hard for me to breathe
Yeah
And when I think about you baby
I get weak and I wanna know
Do you feel that way'
Do you think of me'

Do you ever think about me'
The way I think of you
Do you ever stop to wonder'
If I'm still digging you
Don't you wish that you could walk thru'

And get it like you used to
Do you ever think about me'
The way I think of you
Do you ever'

Do you ever think about me'
The way I think of you
Do you ever stop to wonder'
If I'm still digging you
Don't you wish that you could walk thru'

And get it like you used to
Do you ever think about me'
The way I think of you
Do you ever'
