Everyday she walk by see me on the same block
Same crew, like she never seen rocks, chain watch,
rims blue
Different color boots on, park Yukon
You predicates ex-cons, rip arms, bettin' chips

Puff medicine play my gangsta beats
Tunnel bangers, flex, clue tapes bang in the streets
I'm just a fly, thuggish baller shorty anxious to meet
Till I die keep wanting to head mink to the feet

But shorty jail bait, might get me five to life
Maybe in time you can be Nas's wife
Place school, study law I'm ma pay your tuition
Come on campus, buy you books, do your babysitting

My unusual style make your future unwild
When you get older I'mma bless you with a child
See now you was unaware that this thug had affection
Let me be your angel and I'll be your protection

It's either you will, either you won't
Sometimes you do, sometimes you don't
Sometimes it's yes, other times it's no
But I can't take it no more

Take your wrong and make it right
Just say you can make up your mind
Is is we is or is we ain't
'Cause I can't take it no more

Make 'em clap to this
Make 'em clap to this
Make 'em clap to this
Make 'em clap to this

Baby, baby you keep, putting things before me
But I was there for you when you had nothing
So baby, baby, basically it's in you, it's in me
Now or never, give me all or nothing

It's either you will, either you won't

Sometimes you do, sometimes you don't
Sometimes it's yes, other times it's no
But I can't take it no more

Take your wrong and make it right
Just say you can make up your mind
Is is we is or is we ain't
'Cause I can't take it no more

Make 'em clap to this
Make 'em clap to this
Make 'em clap to this
Make 'em clap to this

Baby, baby, you keep telling me you're changing
You promise you will be a better man then
But no soon as you see your peeps
There you go switching out on me
And we're back at square one again

Don 3, can't get with me, y'all just a child, child
Maybe I can get you with little Sammie and bow wow
Please girls try to understand me now, now
Like my little sisters I'mma hold you down, down

Got the whole world in your hands
Three little woman got these young boys tryna be their
man
Do your thing shorty but if they get disrespectful
Get on your cell phone call big brother Esco, now let's
go

'Cause all this back and forth in and out, ups and
downs
Is beginning to wear me out
See you gotta tell me now, tell me now
Don't wait till the end, it's either me or your friends
Yeah, yeah, yeah

Remix, track masters, remix, precision, remix
We about to make ya clap to this, remix
Make 'em clap to this
Make 'em clap to this

It's either you will, either you won't
Sometimes you do, sometimes you don't
Sometimes it's yes, other times it's no
But I can't take it no more

Take your wrong and make it right
Just say you can make up your mind

Is is we is or is we ain't
'Cause I can't take it no more

It's either you will, either you won't
Sometimes you do, sometimes you don't
Sometimes it's yes, other times it's no
But I can't take it no more

Take your wrong and make it right
Just say you can make up your mind
Is is we is or is we ain't
'Cause I can't take it no more

Make 'em clap to this
Make 'em clap to this
Make 'em clap to this
Make 'em clap to this
