I was just about to walk away
When I felt your gravity
Pullin me closer
There was no breakin free
Had a hold on me
So what was I supposed ta - do
When its gettin so hot
Was it you or the lemon drop
Like a shot straight to my head
I think I better catch my breath

I cant let you get away
So I just make a move
Step to you and then say

(Chorus)
What you doin after this
Got me thinkin about doin them things I aint never did
And I might wanna roll wit you
But before we hit the lot
Tell me what you wanna do

Thinkin you know the deal
So baby come grab the wheel
What you gonna say now
Tell me are you down tonight
Cause im in it for a long ride
Cause your a hot boy (your a hot boy)
And even if the clock strikes one, two
Aint no way we gonna move cause
I came to get my party on
Wasn't lookin, but I think that your the one

I cant let you get away
So I just make a move
Step to you and then say

(Chorus 2X)

Said I dont care where we go
As long as im wit you boy
In the house all alone

Cause all im thinkin about is you

(Chorus 2X)

Oh Oh Oh Ooooooh, Tell me what you wanna do
Oh Oh Oh Ooooooh,
Oh Oooh Oooh
Oh Oooh Oooh
Ooooooh yeah, Tell me what you wanna do

What you doin after this
Got me doin things I never did
Ooooooh
