(feat. Raz B)

Raz B

Yea, Raz Beats and 3LW

Whooo

Stopped at the Light, Spreewells rolling

So much on my mind, It's never been spoken

All I really want to do is kick back

With my girl, twist a bizzo

Smoke a sack

Didn't know while I was walking to my crib

Catcht ol' girl doing what she did

I can't believe this how it is

Get your things and leave your blings (Adrienne: Uh Uh
Ohh)

and hit the door

Adrienne

All the things that I done, for you

Was all in vain, want none of it true

The time and money I blew

When I caught you creeping with my Best friend

You had me stressing

I learned my lesson

A playa gon' be a playa

It's all in his blood line

Chorus

Uh Oh Uh Oh Act like you know Yea I put my all into it

Uh Oh Uh Oh Act like you know I did it for you

Uh Oh Uh Oh Act like you know How many times are we
gonna go through this

Uh Oh Uh Oh Act like you know This I can't take no more

Uh Oh Uh Oh Act like you know I can't let you break my
heart

Uh Oh Uh Oh Act like you know Never again Oooh

Uh Oh Uh Oh Act like you know Now You better act like
you know

Kiely

Did you know who it was

You was, when we hooked up

I was all you had
Didn't hurt me, treat me too bad
But I fell in love, and so I fronted you
Because I wanted to
Then you go and do
The things that make me feel the way that I do now

Chorus

Uh Oh Uh Oh Act like you know (Yea I put my all into it)
Uh Oh Uh Oh Act like you know (I did it for you)
Uh Oh Uh Oh Act like you know (How many times are
you gonna though this again)
Uh Oh Uh Oh Act like you know (I can't take no more)
Uh Oh Uh Oh Act like you know (I can't let you break my
heart)
Uh Oh Uh Oh Act like you know (Never again)
Uh Oh Uh Oh Act like you know (Ohhhh)
Now You better act like you know it

Bridge

I gave I all of me
Anything you want , you can get it from me
I gave it all away
But not today
You have the lock and the key
Now it's all in the past
Boy you hurt me bad
One day you will see
Where my love is at
You and all of that
when you were with me

Chorus

Uh Oh Uh Oh Act like you know (Yea I put my all into it)
Uh Oh Uh Oh Act like you know (I did it for you)
Uh Oh Uh Oh Act like you know (How many times are
you gonna though this again)
Uh Oh Uh Oh Act like you know (I can't take no more)
Uh Oh Uh Oh Act like you know (I can't let you break my
heart)
Uh Oh Uh Oh Act like you know (Never again)
Uh Oh Uh Oh Act like you know (Ohhhh)
Now You better act like you know it
