Girl can mack
I've never been the one to cry
I've always had my way with guys
They would run after me no matter what I'd feel
It's really not a selfish thing
A player's gotta stay in this game
And that's the way I gotta run this game

I know you wanna touch me
But don't you get your hopes up
And now you're calling me
Before you get excited
You can step on the line but don't cross it
You didn't know I could do you bad a girl can mack too
yea
I can show that
You're not the only one who can roll like that
So baby come tell me can you get with that
And it don't take a genius
To figure out you met your match
Cause a girl can mack

Don't be a fender cause you hear my 2 way ring
Guys wanna try my look
Because of you I act that way
I can get attention when I want
It don't mean a thing to me
And I'm doing boy what you do to me
What you do to me

I know you wanna touch me
But don't you get your hopes up
And now you're calling me
Before you get excited
You can step on the line but don't cross it
You didn't know I could do you bad a girl can mack too
yea
I can show that
You're not the only one who can roll like that
So baby come and tell me can you get with that
And it don't take a genius
To figure out you met your match

Cause a girl can mack

I can show that
Your not the only one who can roll like that
So baby come and tell me can you get with that
And it don't take a genius
To figure out you met your match
Cause a girl can mack

Girl can mack
A girl can mack
Girl can mack
Mack

Girl can mack
Mack, mack
A girl can mack
Can mack

Girl can mack
Its like that
A girl can mack

You may have a little game
Baby I can do the same
You are not the only one
Who can break hearts just for fun
Don't look so surprising boy
I'll just keep it on the low
But a girl can mack

I can show that
Your not the only one who can roll like that
So baby come and tell me can you get with that
And it don't take a genius
To figure out you met your match
Cause a girl can mack
I can show that
Your not the only one who can roll like that
So baby come and tell me can you get with that
And it don't take a genius
To figure out you met your match
Cause a girl can mack

You may have a little game
Baby I can do the same
You are not the only one
Who can break hearts just for fun
Don't look so surprising boy
I'll just keep it on the low
But a girl can mack

Girl can
Girl can mack
Mack
A girl can mack
Mack
Girl can
A girl can mack
