baby I look further than I see  
Knowing things I know I cannot be, not now  
I'm so aware of where I am, but I don't know where that  
is  
And there's something right in front of me and I

Touch the fingers of my hand  
And I wonder if it's me  
Holding on and on to Theories of prosperity  
Someone who can promise me  
I believe in me

Tomorrow I was nothing, yesterday I'll be  
Time has fooled me into thinking it's a part of me  
Nothing in this room but empty space  
No me, no world, no mind, no face

Touch the fingers of my hand and tell me if it's me  
Holding on and on to Love, what else is real  
A religion that appeals to me, oh  
I believe in me

Can you turn me off just a second, please  
Turn me into something faceless,  
weightless, mindless, homeless Vacuum state of  
peace

On and on and on and on and on and on and on and on  
I believe in me

On and on and on and on and on and on and on and on  
i believe in me

wait for me i'm nothing on my own  
i'm willin to go on but not alone, not now  
i'm so aware of everything  
and nothing seems to real, as long as you're in front of  
me and i

watch the fingers of my hand  
and i'm greatfull that it's me

holdin on and on and on and on and on and on and on  
and on and on and on i believe in me

on and on and on and on  
on and on and on and on  
i'm willing to go on but not alone not now  
i'm willing to go on but not alone not now

(i'm still aware of everything)  
(i'm so glad of where i am)

i'm willing to go on but not alone not now  
i'm willing to go on but not alone not now

on and on and on and on  
on and on and on and on

ooohooooohoooh!
