See their heads up in a cloud, watch them follow what  
goes on  
Through a little screen, oh no, the picture's gone  
There is always something else to do as long as it's no  
tricky conversation  
About the meaning of our lives or the reason why we  
pray before we die  
I'm afraid I have to say that all of this combined with  
me  
Is very wicked chemistry

It might take a while, turn me on  
Live freestyle, come on  
Take your time, turn me on  
Live freestyle, come on

Come on let your wallet be your witness  
Put your feelings in a can  
Idolize a common man and join the band  
You might fall for that but all of this combined with me  
Is very wicked chemistry

It might take a while, turn me on  
Live freestyle, come on  
Take your time, turn me on  
Live freestyle, come on  
Take your time, turn me on  
Live freestyle, come on

Everywhere, picture you are dancing just like Fred  
Astaire  
Close your eyes and feel the wind blow through your  
hair  
And cool your perfect body and blow away the cross  
you used to bear

It might take a while, turn me on  
Live freestyle, come on  
Take your time, turn me on  
Live freestyle, come on  
Take your time, turn me on

Live freestyle, come on
