You understand, K-Nizzle on the trizzack
And this some G-code shit, you know
We let em gotta let em say it, gotta let em hang
Cause it ain't no thang, look

[B.G.]

I ain't the one to be repping stunting, or bragging
nigga
But I got a G coupe, and a Benz wagon nigga
I pull up you know hoes, they harass a nigga
I'm thugging t-shirt, Reebok's and bo's sagging nigga
To let you know, Gizzle ain't just rapping nigga
Keep that glock 40, and that bitch plastic nigga
Ready to flash it nigga, play me I ain't gon have it
nigga
You end up, in a casket nigga
I'm bout my bidness, ain't bout playing and laughing
nigga
I take measures, you know that they drastic nigga
Choppa Style and Chopper City, straight macking nigga
Game tight, never never lacking nigga
You got dogs, I suggest you ask a nigga
They'll tell you I'm bout killing, jacking kidnapping
nigga
Before you step, I advise you get practice nigga
The number one Hot Boy, triple platinum nigga

[Hook (Master P) - 2x]

This is for my niggaz, who be all about cash
On that block posted up nigga, (thug until we drop)
This is for my niggaz, who be all about cash
In that cut posted up nigga, (represent your block)

[Choppa]

I'm from that Wild West bigger, they call me Choppa
Stizzle
Kenoe did the track, so I flipped it with B. Gizzle
A lot of niggaz hating, and a lot of niggaz loving

A lot of bitches waiting, plus a lot of bitches cussing
I still make em say aaah, when I be hanging with B.
Geez and them
Smoking on that doja, with Soulja Slim and Lil' Weez
and them
And I got a household name, like Arm-&-Hammer
And keep shit deep in the vest, to get me the slammer
I'm from a small town, called Mararoe
Where we ride slow, windows down pounds to blow
You wanna happen in Mokwestas, won't you ask me
please
hate the way I rap hustle, and I stack's my G's
I call my cous' Raky and Johnny to get it, they'll let you
have it
Ask Juve how I set it off, he get it from his daddy

[Hook - 2x]

[Choppa]
