an unpaid bar tab  
that's the best thing about the worst night  
I ever had  
something tells me  
no everyone tells me  
she's not coming back  
this time  
I should phone her up  
the last thing I remember  
a jukebox lullabye  
singing ashes ashes from a four leafed clover  
all fall down  
all fall down  
ashes ashes  
someday I'll get over you somehow

around my heart there's a wall  
to protect it from this very fall  
but I now I've grown  
and I'll give you everything  
like blood from a stone  
now stone me and don't ask why  
and play the one that makes me cry  
it goes ashes ashes from a four leafed clover  
all fall down  
all fall down  
ashes ashes  
someday I'll get over you somehow

so before you go  
play it again  
here's a dime  
but with a happy ending this time  
this song never ends  
and I dedicate it to all my friends  
ashes ashes from a four leafed clover  
all fall down  
all fall down  
someday I know  
I'll get over you somehow  
I'll get over you somehow

I'll get over you somehow
