for wrecking my life
for turning it upside down
for tearing my world in two
I wanna thank you
from the wrecking yard

for raising to house to the ground
for being the ball and chain
for all this pain
I wanna thank you
from the wrecking yard
I wanna thank you
I wanna thank you
from the wrecking yard

for darkness that I've never seen
for debts not found in any sea
for meaning so much to me
I wanna thank you
from the wrecking yard
from the wrecking yard
from the wrecking yard
